

Acoustic Solutions

Rolled Underlayments

KeedeRoll™ MT Acoustical & Uncoupling Membrane

- Lay FLAT Technology
- Lightweight & easy to install
- Reinforcement for mortar
- 21 point IIC Delta on 8" concrete
- Meets code on 8" concrete (53 IIC)

Self-Leveling Underlayments & Universal Primer

Platform L2 Synthecem™ SLU

- Optimized for 1/4" - 2" depth
- Variable water ratio to facilitate leveling and ramping
- Dries to a smooth, hard surface
- Supports trade traffic in just 16 hrs
- Available in 50 lb bags

Platform L3 Polymer-Modified Synthecem™ SLU

- Optimized for 1/8" - 2" depth
- Superior flow & exceptional resistance to wheel tracking
- Dries to a smooth, hard surface
- Supports trade traffic in just 12 hrs
- Available in 50 lb bags

Platform P360 Universal Acrylic Primer

- For porous & non-porous surfaces
- Fast-drying
- High solids
- Low VOC, low odor
- Superior resistance to high alkalinity
- Available in 1 gal & 5 gal pails
